Bluebell School Report

FOR THE SIXTH MONTH

The sixth month's work closed Friday, March 24th, with seven pupils perfect in attendance and punctuality, namely: Grace, Walter and Oscar Hammonree, Laura and Efton Hottinger, Burton Neff and Loretta Shullenberger.

Those not tardy were Claude, Harry, Bertie and Wilda Davis and Gladys and Clifford Wright.

We have one more month of school, and are very busy arranging a program for our last day which will be Friday, April 21st, and we cordially invite all our patrons and friends to come and hear it. The program will not begin until 2 o'clock, so everyone will have a chance to reach the school house in time to hear the first number. Some of our specialties will be a "Brownies" exercise with appropriate costumes and a military drill in the school yard.

Will the lady patrons of Bluebell please accept my heartiest thanks for the solid patch-work quilt which they sent me on my birthday. Each stitch speaks to me of the untiring efforts they have put forth the past winter in our school work.

Don't forget the last day. Come, one and all.

Out of the Ginger Jar.

Just how far does the kitchen range.

The housewife is known by the bread she bakes.

He that has ears to ear should now begin to think about planting corn.

"I'm so run down that I can give no more tick," sighed the alarm clock.

"I've seen brighter days," sighed

the sausepan in the slovenly in the slovenly kitchen.

"Well I'll be switched" angrily exclaimed the small boy; and he was.

The hotbed is all right in its place, but few people would care to sleep in it.

Fifty little chickens in the incubator,

Ten scrawny broilers a few weeks later.

Many a man in his reflective moods wonders why his wife loves him, and so do his neighbors.

The average boy thinks better of the cuff on his sleeve than that the teacher gives him.

There is more sound in an empty gourd than in a full one, and the same is true of an empty head.
